Bear Basin Adventures

Join us for an adventure in the mountains of north-west Wyoming's, Wind River and Absaroka Mountains. We operate in the greater Yellowstone ecosystem, near Yellowstone National Park, just 2 hours from Jackson Hole.

Fish pristine mountain lakes and streams, horse ride among wildflower meadows and glacial peaks or hunt elk out of our first class hunting camp.

Pack Trips

Riding through the mountains on a trusty horse with your friends and family is a great way experience the outdoors. Ride out, stopping to set up camp beside a glistening river or wildflower covered mountain. As we prepare your dinner you can hike, fish,

nap or simply relax with a good book and great back drop. After a restful night sleeping and enjoying the clean mountain air, your next day will be filled with fishing, hiking or just relaxing. Regardless of the activity you will enjoy the wilderness as if it was your own. Soon enough we will pack up the horses to move to another site, just as beautiful, only to explore more of this spectacular landscape.

Fishing

Come join us for a trip exclusively geared to the fisherman. The Wind River Mountains caters for all fisherman from the most avid to the beginner. Whether it's a week-long excursion or just an afternoon diversion, we can plan the perfect trip for you.

Hunting

Elk hunting from our camp is a must for any hunter. We offer a premium first-class, fair chase elk hunt in awe inspiring country. Visit our website for more details.

About Us

We are owner-operators of our outfitting business and will join you on your trip to ensure enjoyment. Our enthusiasm is infectious and our staff, horses and equipment are first rate. Together we have been in the business for over 15 years and our experience and knowledge will ensure your safety and pleasure. We truly look forward to hearing from you and helping plan your next summer or fall wilderness vacation of a lifetime.
